5 (Mat 19, 12-1:30):

Majority of people are not aware of the importance of water conservation
in their daily lives.

Some of the reasons for this are:

1. Lack of awareness: Many people do not know how to conserve water. They do not know the importance of water and how to use it wisely. They do not know the different ways to conserve water and do not take any steps to do so.
2. Lack of education: Many people do not have the necessary education to understand the importance of water conservation. They do not know the different ways to conserve water and do not take any steps to do so.
